

VENETIAN 6X6|9 8CM

PRODUCT NUMBER # 247

- Riven stone surfaces and chamferless edges create the striking shadowlines and textures of dimensioned flagstone
- Designed to be installed in a Muster-K (a.k.a. T or I) pattern having two Recs for each Square
- Suitable for heavy vehicular applications, such as municipal streets and minor arterials, with proper pavement design and installation
- Joints and surfaces are designed to create a natural look, minimize furniture wobble, and meet ADA gap and lippage requirements
- Made of durable concrete that won't decay, distort, or attract pests. Iron oxide pigments won't fade with extended UV exposure. Meets or exceeds applicable requirements of ASTM C936 and C1782

The Venetian series creates dramatic and dynamic interaction with sunlight through its cleft and chamferless surfaces, which evoke the timeless appeal of cut flagstone. Venetian is available in an extensive range of paver sizes and heights to suit a variety of traffic conditions and base preparations. Many Venetian shapes are suitable for Rumbling, which weathers the paver stones by breaking and softening edges and corners.

VENETIAN FLAG 6CM

PRODUCT NUMBER # 369

- Riven stone surfaces and chamferless edges create the striking shadowlines and textures of split flagstone
- Designed to be installed in a Cairo pentagonal pattern
- Suitable for behind-curb, pedestrian applications, such as patios and sidewalks, with proper pavement design and installation
- Joints and surfaces are designed to create a natural look, minimize furniture wobble, and meet ADA gap and lippage requirements
- Made of durable concrete that won't decay, distort, or attract pests. Iron oxide pigments won't fade with extended UV exposure. Meets or exceeds applicable requirements of ASTM C936 and C1782

The Venetian Flag creates dramatic and dynamic interaction with sunlight through its cleft and chamferless surfaces, which evoke the timeless appeal of split flagstone. Far easier to install than competing products, Venetian Flag self-terminates on a 2 foot grid - both inside and outside corners are formed with no cuts. Venetian Flag can also form a 4 foot wide walkway with no cuts, and its half stones combine to form a whole stone which is absorbed into larger fields.
