U Start Base Block™

18 7/16" x 12" x 3 1/2"

Introducing U Start Base Block™, Belgard Hardscape's newest product innovation. U Start Base Block™ is a universal base course for walls that promotes cost savings and installation time efficiency.

Product Features:

- Built-in hand-holds for easy installation
- Installs quickly and easily for improved jobsite efficiency
- Strong, lightweight, and shaped to interlock to hold position
- Center core allows for aggregate interlock and frictional connection with base leveling pad
- Notches provide for easy alignment for straight walls and for a 6' radius
- Provides a sturdy base level for curves, 90 degree corners, columns, or straight walls

Installation Guide:

Step 1: Prep Site

Excavate a trench that's 10" inches deep and 24" wide.
Compact 6" of 3/4" crushed rock into the trench.

Step 2: Install Base Course

To install the buried base course, place U Start Base Block™ with hand-holds facing downward. Place U Start Base Block™ so they fully interlock from the top and bottom of the base block. Place the U Start Base Block™ directly in the center of the leveling pad for proper installation. Level the U Start Base Block™ from side to side and front to back to properly level the units.

Step 3: Install the Wall

After the base course and U Start Base Block™ units have been installed, install the retaining or freestanding wall per project plans and product installation guides.

U Start Base Block™

SOLUTIONS WE SUPPLY

GEOSYNTHETICS

Filter Fabrics
Stabilization Fabrics

Geogrids

- Road Grids
- Wall Grids
- Slope Stabilization

Specialty Fabrics

Composite Geomembranes

- GCLs, PVC, HDPE, LLDPE, EPDM, Granular Bentonite

SEDIMENT CONTROL

Inlet Protection

- Grated Inlet, Curb Inlet, Area Inlet Protection

Ditch Checks

- Triangle Silt Dike
- GeoRidge

Perimeter Protection

- High and Low-Porosity Silt Fence, Straw Wattles, Silt Socks
- Safety Fence

Flocculants & Water Treatment

- Polymer-Based & Natural Flocculants

Sediment Basin Skimmers

Dewatering Bags

Trackout Control

- FODS
- Rumble Grates

Turbidity Curtains

EROSION CONTROL

Basic Hydraulically Applied Mulches

- Wood
- Paper
- Blends
- Straw

High-Performance Hydraulically Applied Products

- BFM
- FGM
- Additives & Tackifiers

Temporary Erosion Control Blankets

- Coir & Jute Mat/Nettings
- Short-Term ECBs
- Extended-Term ECBs

Permanent Erosion Control Blankets

- Turf Reinforcement Mats
- HP-TRMs
- Anchor Reinforced Vegetation System

Structural BMPs

- Transition Mats
- Geoweb Cellular Confinement
- Composite Vegetated Armor System
- Flex MSE Vegetated Wall System
- Articulated Concrete Block
- Gabions
- Grout-Filled Geotextile Mats

Vegetation Establishment

- Native Seed & Turf Seed
- Fertilizers
- Organic Soil Additives
- Stratavault Soil Cells

STORMWATER MANAGEMENT

Water Quality

- Inlet Filter Boxes
- Pre-Treatment Chamber
- Nutrient Separating Baffle Boxes
- High-Flow Biofiltration Media
- Hydrodynamic Separators
- Stratavault

Water Quantity

- Modular Underground Storage Systems
- Chamber Detention Systems

Drainage

- HDPE Swale Liner
- Pipe & Fittings
- Drainage Composites
- Strip Drain

Inlet Structures

- PVC
- Drain Basins, In-Line Drains
- Landscape

Permeable Pavers

- Permeable Articulating Concrete Block
- Grass Pavers
- Gravel Pavers
- Concrete Pavers

SPECIALTY

Natural & Synthetic Coir Fiber Logs

Vegetated Reinforced Soil Slopes

Soil Anchors

Root Barrier System

AquaBlok

Muscle Wall

We are full line distributors of construction materials for all project types. Contact us for assistance with a project. From specification and development to installation and completion, we're here to help with all of your site solution needs.
